- A GIC account is not a bank account and is not FDIC insured; rather it is a life insurance company product secured and guaranteed by American Savings Life Insurance Company that guarantees to pay a certain rate of interest.
- Interest is always **guaranteed to be at least 2.0%** and is applied to the account balance annually.
- There are **no annual fees** or account servicing fees.*
- **Except for ASL stock dividends**, a 2% early withdrawal penalty will be charged on any other funds withdrawn within 12 months of the date deposited. You may request to withdraw your dividends at any time without a penalty.

Complete this form and the following application and mail them to:

AMERICAN SAVINGS LIFE INSURANCE COMPANY
